Dear Dr Robinson,

Dr Morgan's secretary, Miss Howell, has asked if we will let you know of any recently published sermons by Dr Morgan. May I say that we have a series of twelve which he preached in the Summer of 1932. These are in pamphlet form and can be sent on receipt of Three Shillings which will include postage - if required.

As I am writing may I say that Dr Morgan's work on the prophecy of Hosea is being published in our church magazine, "The Westminster Record". In addition to Dr Morgan's work you will find other interesting features. It may be you would like to become a subscriber. One Dollar would bring the magazine for a year.

Yours sincerely,

Arthur G. Marsh
